▪ Controller – Taylor Jackson

▪ Past Week Follow-Up:

▪ SFRB:

- We voted to approve the change of start date for the Lory Student Center renovation fee. This will be coming to senate soon in the form of legislation.
- I am now the liaison for Resources for Disabled Students.

▪ Transfort Committee:

- Had a great meeting with the Transfort Committee. We discussed possible late night route options and considerations we would have to make for the route including safety, logistics, and cooperation with RamRide.
- We got in trouble for using an emergency P-Card for RamRide food on Thursday the 22nd. We now know that we cannot use P-Cards for emergencies like this, and in the future, people will have to use a personal credit card and get a reimbursement through SLiCE in that type of situation.
- Put together up to date information for Eric's Board of Governor's presentation. This includes all of our expenditures year to date and all of our budgeted expenses for the rest of the year.
- Start looking through budget and revenue with Matt to see what amount we have available to increase the Transfort contract next year so that we can start the late night bus route.
- **Goals for Next Week:**
 - Get in contact with someone from the Resources for Disable Students Committee.
 - Start putting together information on RamRide expense numbers for Eric so that we can track how much we are spending each week and compare this to how much we have budgeted. We want to track mileage charges and compare them to previous years as well.
 - Keep all directors updated on their budgets and expenditures
 - Support other departments with their events/programs/etc
- **Miscellaneous**
 - If you use a P-Card, you have to bring it back with a receipt with it IMMEDIATELY.
 - Absolutely no purchases can be made without a completed Financial Authorization Form. This includes supplies from the Bookstore.
 - Feel free to ask questions about our current spending, budget items, and account balances if you have any! This is all public record.
 - PLEASE DON'T FORGET to attach invoices/receipts to EVERYTHING you turn in. The more you can give with a request the better. To play it safe, just turn in every piece of paper you have that goes along with a purchase.
 - If SLiCE does not get the receipt from a p-card purchase, they will have to cancel payment, which can upset vendors and causes more paperwork for all of us.

 - Past Week Follow-Up:
 - TestFile: I met with Tim Gallagher, the Chair of the Faculty Council about issues concerning TestFile and he gave me some advice for where to proceed from here. He recommended I talk with the Committee on Teaching and Learning about generating some form of policy to bring to Faculty Council that will help us achieve our goal of expanding TestFile while still respecting the concerns of faculty. We discussed solutions to issues such as integrating it with BlackBoard to protect intellectual property and allowing students to submit tests again but then sending a confirmation to the faculty member before adding it to our test bank.
 - Taking Stock: I met with Kim and she recommended talking with Teri Metzger in Housing and Dining to see if there is any way ASCSU can get involved with the Taking Stock survey or with the U-Turn program. Kim and I are meeting with Teri next week to brainstorm ideas.
 - Committee on Teaching and Learning: I attended the meeting on Monday and the primary topic of discussion was religious accommodation for students. We discussed several ways to try and improve the current policy and are currently in the process of trying to write a new one. I am reaching out to various religious organizations on campus to see if they have any input or examples of when this has been an issues for students in their org.
 - Meeting with Eric and Kaylyn: In this Eric mentioned that there is a desire to make PHIL 173 an option to fulfill an AUCC requirement. I am trying to contact Rabbi Gorelik, who currently teaches the class, to get more information on the class. I also plan to contact the Dean of the Philosophy department to see if they are interested in making this an option.
 - Academic Integrity Week: I sat on the student panel Monday night and it went really well. The students that attended asked some excellent questions and hopefully we were able to fully answer them. I definitely recommend attending this in future years.
 - SFRB retreat: The retreat on Saturday went really well and we were able to hear plans from Mike Ellis about how they want to move the start and finish date up for the LSC renovation by an entire year. It was very interesting to get an update on the renovation and be able to hear how they plan to make the transition as smooth and quick as possible.

- Miscellaneous
 - Just an on-going reminder that the TestFile has been completely removed to the U-drive. Now that the filing cabinets have been removed, if a student comes into the office looking for an exam then you must go to the U-drive, open the TestFile folder, find the exam (its organized by course, professor, year, exam number) and email it them. This is only temporary as we hope to get it onto the website as soon as possible.
- **Community Development – Paige McCaleb**
 - Past Week Follow-Up:
 - Professional Development: Finding facilitators and professional development session to bring to ASCSU for the year, first session will be in October hopefully on recognizing students in distress or ethics
 - Greek-life: Continued weekly updates to Greek life about what is going on in ASCSU
 - RLT
 - Wonderful First meeting this week! Team selection was difficult we had a great applicant pool, but we have ended up with a great team from all different backgrounds and from all over the country and world.
 - Retreat planning is well under way. This is difficult since our total RLT budget is \$2,000 which will barely cover the cost to stay at even the cheapest retreat centers in Colorado. Due to the budget restraints we have chosen to do a Friday night activity with our students but not leave for the retreat until the morning of 10/22. The contracts for both the retreat center and motorpool are underway.
 - Service:
 - Will be sending out twice monthly emails letting ASCSU know about community service opportunities going on at CSU and in the Fort Collins area.
 - Cans around the oval collection date is 10/12! Bring in cans and non-perishable food items. We will give a prize to the department who brings in the most cans/person in department. Look for an email about what food items are in highest demand and will get teams more points!
 - There will be a once monthly service opportunity for all of ASCSU starting in October
 - Outreach:
 - New Outreach Deputy Director just ratified, she is compiling a list of larger and highly active registered student organizations and office around campus to begin weekly or bi-weekly ASCSU updates rounds

 - Outline yearlong RLT curriculum
 - Service: Research community service opportunities in the community and finalize the All ASCSU October service project
 - Professional Development: Finalize schedule for professional development session for the year, begin to get dates from facilitators.

 - **Past Week Follow-Up:**
 - SDPS Office on Monday September 23, 2011, went well Blanche Hughes and Mike Ellis went over the new presentation of the Student Center and what the SDPS offices will like in the future. The diversity department is pushing for a Middle-Eastern Office but they are focusing on making their presence known but they don't know how. At this time nothing is set in stone and they are trying to keep the students motivated about the new renovation. Next meeting is TBA.
 - The Denver Alumni and Business Mixer was a success.
 - We supported Black Definition with there Homecoming King and Queen Competition for all the SDPS Offices. Most of the proceeds went towards funding/supporting Black History Month. We helped them raise over a hundred dollars in donations and contributed funds to two different organizations within the Black/ African American Cultural Center. We look forward to helping other groups like Black Definition to support their heritage months.
 - **Goals for Next Week:**
 - The brainstorming process has begun. Sunday, Director Chase of Governmental Affairs and myself will work together to complete a press release on the ways of getting CSU involved with the Lobato vs. State of Colorado Case.

The Marketing Department is now poised to focus on 3 high-visibility, high-priority initiatives. These are the ASCSU website, Social Media, and ASCSU display marketing in the LSC.
 - **ASCSU Marketing Staff Hiring** – Welcome to the Davis Van Tilburg! Davis will fill the Assitant Director of Marketing position within the Marketing Department and we all look forward to working with him! Davis's first assignment will be to work on the ASCSU display case in the Student Center with a focus on installing a large screen display between Fall and Spring Break.

- **ASCSU Polo Shirts** – Your ASCSU polo shirt has arrived. All shirts have been tagged so please stop by the office and find your shirt on the table outside of Rachel’s office. If you were unable to stop by and try a shirt on during the ordering process, I guessed at your size. Find the shirt assigned to you and try it on. I do have just a few extra shirts that we can trade so visit with me if you need to swap.
