Executive Branch

▪ President – Regina Martel

- Progress on Goals from the Last Week:
 - Late Night Bus Route: Met with Jerry Schiager and Mark Clitnovici to talk about student behavior downtown and about the Late Night Bus Route RE what is going well/what can be improved.
 - Overall, students have been acting respectfully, nothing big to report on that front.
 - With the bus route we have all noticed that the numbers of the routes look good. There is a real need for a push for marketing to different stakeholders to improve the sustainability of the LNBS. We will be working with ASCSU Marketing about how to have a push on campus for some educational posters.

- Another big stakeholder that we will want to include will be the Downtown Business Association. We will be looking to also provide different bars with the posters to get the word out in Old Town. A bigger conversation that we are looking to have is whether or not bars could add vouchers to tabs if requested or if they could hand them out at the end of nights etc.
- There is a lot of opportunity here and if this is something that interests you please let me know and I would be happy to get you involved.
- Student Fan Behavior Task Force: After recent events involving student behavior at games and after the discussions regarding when tailgating should start there has been a charge from Dr. Frank to look at the ways that students act and how we can go about working to improve pre-game and game behavior. From ASCSU I have been asked to co-chair and have asked Audrey to sit on the task force as well. If you would like to be part of some of the discussions please let me know and I can give you some information.
- Mann/Ornstein Lecture: ASCSU is partnering with the Office of the President to bring two speakers to campus. We are in the middle of all of the planning for the lecture but please hold October 17th on the calendar for the lecture as ASCSU will be getting tickets for members for the event.
- Planners: it is still very important that we give out as many student planners away as soon as possible. If you are going to ANY event where students will be involved make sure to bring a box with you to and hand out as many as you can.
- Community Welcome – follow-up meeting about Community Welcome went really well. There were many suggestions regarding how to continually improve the program. Also, this year we had the most volunteers for the event, so thank you so much to all who came and volunteered!
- Replacement for Capwiz – Met with Aidan about the possibility of some sort of replacement for Capwiz. The program that he is has crafted is great but there are a lot of things about it that are similar to Capwiz and the program is too costly at this point. We will continue to shop around for programs that allow for a public forums and education but are cost efficient.

▪ Student Services – Taylor Jackson

▪ Progress on Goals from the Last Week:

▪ Homecoming Student Involvement Committee:

- Most events are set for the week of homecoming; I'll be giving more details as we get closer. I've listed some of the dates/times already.
- If you know of any events that are going on, please let me know!
- The LSC has been asked to light the A this year. They are looking for 5-10 volunteers from ASCSU. If you are interested, please let me know. This would mean that you would miss the parade, but it's a really cool experience!

▪ Homecoming Float:

- Rachel facilitated the first Homecoming Float meeting. She will be submitting the application this week.
- If you'd like to get involved, look out for emails from Rachel, or email StudentServices@ascsu.colostate.edu with the subject "Homecoming Float" for more information.

▪ During our department meeting this week, we spoke with our advisor, Lindsay Sell, about the possibility of partnering on the Gratitude Event again in November of this year. This event was great last year and I'm excited to potentially be working on it again this year!

▪ ASCSU Football Tailgate:

- We've set the date for Saturday, October 27, which is the Orange Out game. We will be doing something with pumpkins (to symbolize CSU's throwback "pumpkin and alfalfa" colors). We will for sure be doing pumpkin carving, and are looking into liability, clean up, etc. that goes along with allowing people to smash pumpkins. This would be a ton of fun, but could be potentially dangerous, so we'll need to get the logistics worked out to make it a reality.
- I have already gotten approval from facilities and Athletics to have an exemption that allows us to set up early so we can get a good location.
- I've emailed a few farms in northern Colorado to see if we can get a deal on a bulk pumpkin purchase.
- I met with Chase Eckerdt from Athletics on Wednesday, and they're definitely interested in partnering on this.
 - They will already have a DJ there, so we won't have to worry about music.
 - We need to work out what the food situation is going to look like.

▪ Goals for the Next Week:

- Continue working on the Homecoming Float.
- Have volunteers committed for Lighting the A
- Start working on “Big Horn Sheep” legislation with senators
- Reschedule meeting with Super Shuttle (they had to cancel Friday’s meeting) so that we can discuss the Super Shuttle Voucher program, among other things.
