- Collegian/ASCSU Mixer-

- On Monday, September 19, 6pm in the lower level LSC Solarium, ASCSU and The Collegian staff will come together and mix & mingle. Light food will be provided.

- President's Fall Address & University Picnic-

- Despite some rainy/cold weather, the 14th annual President's Fall Address and University Picnic went off really well! Thanks to all that attended. I was honored to speak at the yearly event. President Frank outlined a clear charge to campus to increase graduation rates on campus, and we are going to investigate, through Director Ewing, how ASCSU can play a part in that. The entire President's Fall Address can be viewed online at president.colostate.edu, and the full text of President Frank's speech can be found at <http://president.colostate.edu/speeches/2011-fall-address.aspx>

- **Academics – Becky Ewing**
 - Past Week Follow-Up:
 - Blue Books: The stickering of these is still going well. The Bookstore notified us earlier this week though that the small books are going MUCH faster than the large books so the box of small books in the office need to be stickered as soon as possible. I am not entirely sure why the smaller books are going faster, but that is going to be important to know when we order more blue books for next semester. Also, I asked about making the sign for the blue books in the Bookstore and they informed us that they have a poster there now, but after looking at it we are probably going to design something new and more permanent.
 - TestFile: Thanks to Lorraine's fantastic idea we are no longer printing the tests in the office. Instead, we are emailing the tests to the students when they come into the office. This will save us a significant amount of paper and is headed towards the direction of putting them online. I plan to meet with Keegan and/or Wendy sometime next week to see if they are able to help at all with putting the tests online so that we can start moving forward with that progress.
 - Faculty Council committees: The first meeting for both University Libraries and Committee on Teaching and Learning (CoTL) were on Wednesday. Both committees focused on scheduling meeting times and going over the agenda for the year. If you are interested in finding out what any of these find Maria or I in the office. For the committee representatives that have not heard from their committee chair yet, I am asking them to email them next Wednesday to check in.
 - Student Fee Review Board- This week we went over and voted on the bylaws. We also talked about our retresat and what we want to discuss.

- Meeting with Dr. Lamborn- On Friday we talked about the new Add/Drop period changes that are going into effect starting in the spring. There will be a campaign later this semester to try and inform students on the new policies. He also gave me advice on how to go about adding the honor pledge to blue books and how to approach the syllabi sharing site.
- Goals for Next Week:
 - Make sure that all of the committee representatives get in contact with their Faculty Council committee chair.
 - Attend the Student Media Mixer and ASCSU call-a-thon.
 - Do a fantastic job being the Assistant Director of RamRide tonight with Victoria.
 - Finish stickering all of the small blue books.
 - I also want to contact the CU Bookstore again to see the progress of how their advertising in blue books is proceeding and ask if they have any advice on whether it is useful to try or not.
- Miscellaneous
 - Just an on-going reminder that the TestFile has been completely removed to the U-drive. Now that the filing cabinets have been removed, if a student comes into the office looking for an exam then you must go to the U-drive, open the TestFile folder, find the exam (its organized by course, professor, year, exam number) and print it off for them. This is only temporary as we hope to get it onto the website as soon as possible.

Thanks GIRLS!!
- **Governmental Affairs – Chase Eckerdt**
 - Past Week Follow-Up:
 - We had our second “Transfort Task Force” meeting this week. Kurt Ravenschlag from Transfort presented most of the meeting about the historical aspects of the contract as well as educating the committee on the negotiation process. This group has a huge task in front of us and when we meet in the next few weeks we will be finding ways to address the changing transportation needs of the student body.
 - I have also been meeting with various state wide leaders to work on the challenges facing higher education. This sounds vague but we are facing a broad array of challenges and we are working at many different levels to advocate for this institution.
 - Eric and I we very lucky and got the opportunity to do a “Ride Along” with the Fort Collins police chief on Friday night. We saw the full process involved in making Party Registration a reality, all the way from Off Campus Life to Dispatch to the officers responding on the street. Remember, ASCSU played a huge role in making this a year round program and it is important that we see all sides of student behavior in our community not just the student perspective.
 - Goals for Next Week:
 - We have another round of meetings with student leaders from across the state coming up in the next few weeks. First with CU and then with UNC. These meetings will be broader and are part of planning the CSU day and the Capitol and our state wide effort.
 - ASCSU's executive leadership will be meeting with the leadership from the University of Wyoming in a little over a week. We are looking at ways to collaborate with them.
 - Next week I will be looking into working more with the Poudre School District. This idea is in the works and there will be a more definitive goal in the next few weeks.
 - Miscellaneous
 - As always, please come and see me with any questions or concerns.

■ Student Services – Tim Brogdon

■ Past Week Follow-Up:

- Chris has been in contact with a couple people in the CSU Events and Constituency Engagement office trying to get traditions down to get the ball rolling with ideas and an organization that will take CSU traditions to the next level
- For-Ever Green is in the process of becoming much bigger than see before. We are trying to market this as “not just a free t-shirt, but a TRADITION” The calendar and method of submission is going to be in the works very soon.
 - We so far have handed out around 660 shirts, with 500 going out on Grill the Buffs, and 200 for Ram Road Trip!! That means 1,360 shirts will be handed out before the CSU/CU game and giving students the opportunity to wear their shirt all year long!
 - We have also gone away from the idea of buying bags to put the shirts in so we don’t waste material and are cost effective, thus rubber bands have become our office supply of choice.
- Jason Berlinberg is going to be a main contact on this very large project involving the VP for Student Affairs office and trying to see how we can get students to an away game.... Somewhere close to make it easier on us and keep it cost effective.
- Having individual meetings with all of my department members discussing the different facets of the department and their own projects.
 - I have met with almost everyone, they all have been productive.
- Started conversations with people to get a homecoming float, it’s looking more and more like we are going to have a bicycle that will be able to fit 18-20 people provided by www.myhandlebar.com
 - If you would like to help come up with a decoration design and implement it contact Jason Berlinberg at studentservices@asucs.colostate.edu attn: Jason
 - Homecoming week is Sept. 26th – Oct. 1st
- Had a meeting with Presidential Ambassadors to start brainstorming about events we can do to expose the Alumni Association.
 - This was very productive, they came to the table with a lot of ideas and we had the people they need to contact and figured out how we could help them along in the process
 - We’re shooting for an event to happen in Nov. hopefully involving the administration in some fashion
- Partnered with RDS (resources for disabled students) to learn the CSU fight song to teach to students while in line and mingling during Grill the Buffs, didn’t get a response we wanted probably because it was last minute
- Goals for Next Week:
 - Start discussions with figures on campus about university trips

- Promote “Fix College Football’s Postseason” which was brought to our department by the Mountain West Conference Commissioner asking people to like the Facebook page “Fix College Football’s Postseason”
