▪ Controller – Taylor Jackson

▪ Past Week Follow-Up:

- Contacted the Bookstore to make sure that For Ever Green shirts get paid for early this year. Typically they haven't been paid for until the end of the year when the Bookstore comes asking for money. This year, however, I wanted to be proactive and make sure they got paid for as soon as possible and were reflected in the budget.
- Completed an internal budget adjustment to move money out of the "Computers" line item and into the "Retreats" line item to cover a deficit since we went over budget on retreats. We will come back to this issue in the spring when we start planning the spring retreat.
- Sent out an e-mail to all directors reminding them that a Financial Authorization Form needs to be included with every purchase. This is because we have had a problem with purchases being made at the Bookstore that didn't go through the approval process. We are at 97% of our office supply budget for the year because people haven't been getting permission before spending.

▪ Goals for Next Week:

- Re-allocate funds to make sure we have enough for office supplies for the year.
- Have a successful SFRB retreat on Saturday.
- Keep all directors updated on their budgets and expenditures
- Support other departments with their events/programs/etc
- **Miscellaneous**
  - Absolutely no purchases can be made without a completed Financial Authorization Form. This includes supplies from the Bookstore.
  - Feel free to ask questions about our current spending, budget items, and account balances if you have any! This is all public record.
  - PLEASE DON'T FORGET to attach invoices/receipts to EVERYTHING you turn in. The more you can give with a request the better. To play it safe, just turn in every piece of paper you have that goes along with a purchase.
  - If SLiCE does not get the receipt from a p-card purchase, they will have to cancel payment, which can upset vendors and causes more paperwork for all of us.
- **Chief of Staff – Kaylyn Kardavani**

- **Academics – Becky Ewing**
  - Past Week Follow-Up:
    - Blue Books: This week a substantial amount of blue books were stickered. Thank you to everyone who contributed! I am trying to brainstorm several ways for how we can now market the blue books out of our office. The students already know they can pick them up from the bookstore, but it would be awesome to have the student flow into the office as well to get blue books for free.
    - TestFile: After Eric and Rachel had a meeting with Dr. Frank and Dr. Rick Miranda, it seems they are very supportive of our efforts to expand TestFile and are going to work with us and Faculty Council to make sure we update the database with current tests. In their meeting they discussed about how we should talk with Faculty Council and make sure that they are comfortable with moving the tests to online due to academic freedom. If the professors are extremely opposed to this, we will have to go back to print copies. I am also going to talk to Pat Burns in the library about integrating it into BlackBoard.

- Syllabi Sharing: I briefly met with Eric and he told me that Dr. Frank and Dr. Miranda are also very supportive of the syllabi sharing site and want to move forward with making the site. Eric and I will meet later to go over more details.
- HLC Accreditation Self-Study Coordinating Committee: The first meeting for this was on Thursday but I was unfortunately unable to attend because of a conflict with class. Rick Miranda presented and gave the charge to use as we start looking at accreditation. They also discussed the goals, timeline, and process of the self-study plan.

- **Miscellaneous**
  - Just an on-going reminder that the TestFile has been completely moved to the U-drive. Now that the filing cabinets have been removed, if a student comes into the office looking for an exam then you must go to the U-drive, open the TestFile folder, find the exam (its organized by course, professor, year, exam number) and email it them. This is only temporary as we hope to get it onto the website as soon as possible.

  - Past Week Follow-Up:
    - This week the State's revenue forecast was issued for FY 13. We expected fairly bad economic numbers and well as poor revenue news and that's exactly what we received. The revenue forecast

was revised downward by 202 million dollars in 2013 from the last forecast in June. This is due to a slowing economy and overall weakening of the national economy. Basically, expect another round of higher education cuts in Governor Hickenlooper's budget in November.

- This week I spoke to the Fort Collins Board of Relators about student housing and general areas of collaboration that our two organizations share.
- I will be working with the Diversity Department in a joint effort to explore statewide inequalities in school funding.
- We are leading the effort to replace several outdated signs across the city.
- Associate Director Gonzalez is leading the coordination of CSU Student Day at the Capital.

- **Marketing – Lorraine Goris**
  - Over the last three weeks we've received a number of last minute, urgent requests from both internal and external sources which have disrupted our ability to work on high-priority items like the website, social media, and advertising. We are in the process of staffing the department to accommodate requests. In the meantime, all departments are encouraged to submit events and activities to be included in Collegian advertising, Facebook, Webpage, Marquee, or handbills to the Marketing Department by Wednesday of each week for the following week. Requests requiring graphic design assistance or promotional material purchases require submission 3 weeks in advance.

    - **LSC 50<sup>th</sup> Anniversary Celebration** – Lorraine attended the initial meeting for the Lory Student Center's 50<sup>th</sup> Anniversary Celebration. ASCSU plays a major role in the LSC, having been one of the only offices to occupy the building for its entire history. Not only has the student government been located within this building, it has been directly responsible for bringing many of the other organizations, and the offices they occupy, onto the site. ASCSU has been a strong influence in the

direction of LSC growth and development; that of the Lory **STUDENT** Center. In preparation for the 2012 Spring event, we explored ways that ASCSU can help with the celebration. Over the next month we'll be gathering historical information such as lists of all past presidents and vice-presidents, information about the offices in the center that ASCSU has sponsored, visual aids, interviews and stories from former ASCSU staff, and more.

- **Meeting with Kim Sorensen, the Marketing Department's new advisor** – This was an excellent opportunity to brainstorm ideas for promoting ASCSU via social media, partnering with, and leveraging off of CSU's expertise and resources. These include:
  - CSU's, flickr, Facebook, Twitter, and YouTube channel
  - Development of an ASCSU playlist on CSU's YouTube channel
  - Video of Grill the Buffs, and other ASCSU-sponsored events already completed for our files and promotions for next year.
  - ASCSU joining in with the larger conversations of the University as the voice of the students via Facebook conversations.
- **ASCSU Collegian Insert** – Sent to press on Friday, 9/23/2011, appearing Monday, 09/26/2011 with a 1,000 copy over-run.

  - Work with new Webmaster on our ASCSU website.
  - Follow up and develop items relating to the LSC 50<sup>th</sup> Anniversary Celebration and conversation with Kim Sorensen.
