      - a. That won't be changing as that is a Housing and Dining policy.

3. Senator Tayah: This is an ASCSU issue as it affects students
4. Senator Horowitz: We are here to represent the entire student body. As we are representing 39,000 students. We shouldn't take a stance on this issue. It should be done on an individual level or club level. It shouldn't be done by the student government.
5. Senator Brown: I have to urge a no vote on this resolution. This is a politically charged issue. We should be cautious about human rights and where does that stop. I urge you to consider the polarizing issue that we have in front of us and like the idea of a vote to the student body.
6. Senator Griffith: All voices matter. We are telling that these students don't matter. We need to vote yes on this.
7. I understand the political aspect. By supporting this, it shows that we recognize the treaty rights that established.
