Executive Branch

- President Eric Berlinberg
 - Past Week Follow-Up:
 - ASCSU/President's Office Mixer-
 - Thanks to all who attended the mixer this past Wednesday. A strong working relationship between student administrators and campus administrators is key to fulfilling the shared governance model that the University has dedicated themselves to. Please take the time to thank President Frank and his Cabinet next time you see them for their continued dedication to ensuring student success.
 - Board of Governors Reunion-
 - This past Saturday at the Boise State/CSU game, the Colorado State University System held a reunion for all current and former Board of Governors members. It was interesting to meet the former members, and network.
 - Budgeting-
 - Last week, Director Strauch and I completed a forecast for our anticipated expenses through the end of the year now that we are ¼ of the way through it. This yielded a savings of about \$28k, which we are putting into a line item that is intended to be sent to the next Administration. The key to remember with ASCSU budgets is that when we originally budgeted, it was before we had any staff, before we had background details on most of our initiatives, and was purely a best, educated guess in April. Now that we have folks looking in to things, realizing cost estimates of programs and initiatives, things change. What results is a very fluid budget document that is never the same week-to-week.
 - As always (I'll continue to offer until someone takes me up on it), my door is always open when I'm around to step through the budget, line-by-line, or as general as you would like. I haven't had anyone come and ask me about it yet, but I'm more than happy to share the thought process behind the budget, why line items are the way that they are, why we pulled \$28k from specific lines, etc.
 - Academics-
 - I had three exams this past week, and feel confident that I aced all of them.
- Goals for Next Week:
 - o Department of Higher Ed Focus Group-
 - Director Eckerdt and I were invited to participate in a focus group with the Department of Higher Education and other campus student leaders. The focus group is this Friday at Auraria Campus in Denver.
 - Elections Manager Applications-
 - The Elections Manager application period ends on Friday. All interested parties should submit their completed applications to the Front Desk, and set up an interview at that same time. Interviews will take place with me.

 - The Student Fee Review Board had our first tour Monday! We heard from the Career Center, Off Campus Life, Adult Learner and Veteran Services, and Student Legal.
 - Senate had a great session this week. We reviewed four pieces of legislation this week. The Court Liaison legislation was passed. The change to the deadline for agenda items, amendment to the SFRB long bill, and the RLT clarification legislations were all sent to committees. I was able to sponsor two of the pieces of legislation this week. I hope to see more new names on the sponsor list in the weeks to come.
 - I attended the Chancellor Search Advisory Committee in Denver. This should be a great search; if anyone has questions about how the process will work and what I am legally allowed to disclose please let me know.
 - I met with the interim director of UFFAB on Wednesday morning about the SFRB process.
 - Instead of holding our usual cabinet session we had a President's Cabinet Mixer in the University Club. It was a great opportunity for all branches to come together and mingle with Tony Frank's cabinet.
 - SFRB may be hearing a fee proposal for an additional fee next week. More information will come
 in next week's report.
- Goals for Next Week:
 - Pray CSU beats Boise State on Saturday. GO RAMS!

 - Begin the search process for the new CSU Chancellor. We have two meetings next week to begin
 the process. I look forward to providing you all with updates.
 - Do research on the CSU Chancellor position to prepare for the search process.
- Misc.:
 - As always if you would like to have a guest speaker present at senate, need someone ratified, or would like to see new legislation please submit your preferences to me, Andy, and Lindon as soon as you can.

Miscellaneous

- If you use a P-Card, you have to bring it back with a receipt with it IMMEDIATELY.
- Absolutely no purchases can be made without a completed Financial Authorization Form. This
 includes supplies from the Bookstore.
- Feel free to ask questions about our current spending, budget items, and account balances if you have any! This is all public record.
- PLEASE DON'T FORGET to attach invoices/receipts to EVERYTHING you turn in. The more
 you can give with a request the better. To play it safe, just turn in every piece of paper you have that
 goes along with a purchase.
- If SLiCE does not get the receipt from a p-card purchase, they will have to cancel payment, which can upset vendors and causes more paperwork for all of us.

 - Committee on Teaching and Learning: This week we continued discussing religious accommodation on campus and reviewed a draft proposal for a new policy. Joshua Zugish from the Council Office and Bob Schur from the Policy Office talked with us on the legal side of things and explained how they have already been working on the issue. Their offices will continue to work on the policy and then come back to us for more opinions and advice in a few weeks. We also started talking about possibly adding additional information to transcripts.

I also met with Craig Chesson from Conflict Resolution and Student Conduct Services with Kellen to discuss their tour coming up in two weeks and what they should expect. It was really interesting to find out more information about this fee area and all of the services they provide. If you ever have more questions just email me or find me in the office.
 - E-textbooks: Mallorie met with Margaret from the Bookstore about the likelihood of increasing the number of e-textbooks available to students. She found out that these are actually more expensive for students than the loose leaf books and that experiments from other colleges show that students actually believe having a hard copy of the text. Therefore, we have decided to not further this.
 - Walk the Halls: Mallorie is now doing research on how many teachers do not get their textbook requests in on time and exactly how this affects students. She is also looking into making the door hangers and finding out when this would need to be completed by.
 - PHIL 173 AUCC Option: Mallorie is now going to contact Rabbi Gorelik and the Philosophy department to see if it is possible to get PHIL 173 to become an option to fulfill AUCC requirements.

This is only temporary as we hope to get it onto the website as soon as possible.

 - I met with one of the coordinators for Latin Night taking place Oct 23rd. Well everything is finalized with the payment for this event. Below is the explanation of the student group and the events intent.
 - O This event is presented by student organization La Raza. The main goal of this is event, is to empowering students of Mexican descent at CSU and throughout Colorado, we will emphasize the importance of attaining higher education in hopes of helping diminish the increasing dropout rates of minority students. We realize just how important cultural diversity is on campus, and we hope to use this event as a gateway for the CSU community to explore the diversity within Latin America. We want to bring a little piece of the world to campus for a day and share it with everyone on campus as well as people in the Fort Collins. For this event, they have already secured \$3,000 dollars from Campus Activities, \$500 donated from El Centro, and have applied to several other grants, in order to maximize the possibilities of funding this event. Unfortunately the date of this event is approaching fast, so we had a meeting to discuss our ability to grant them some money towards their event.
