 - Progress on Goals from the Last Week:

- The Board for Student Organization Funding (Formally the Student Funding Board) has allocated out 80% of their budget thus far. FUNDING IS GIVEN ON A FIRST COME FIRST SERVE BASIS. If you have an event for the Spring and are intending to come to the board do so <u>immediately</u>. If you would like to be assigned a Liaison for a presentation you intend to give in the spring semester please e-mail me. Please remember you must present between 4-6 weeks prior to your event based on the level of funding you are asking for. Please visit <u>www.SFB.ColoState.edu</u> for more information.
- The Student Fee Sustainability Taskforce has come up with five options for the ASCSU Student Fee next week. If you would like to know about these options and give your opinion please feel free to contact me at Finance@ascsu.colostate.edu
- The Assumptions from the University were recently given to us. We are working on evaluating how this affects our budget for future years and creating options of how it can be addressed.
- The Student Fee Review Board voted to adopt the Summer Student Fee Changes across the University. This will make the ratio of Summer fees 70% of their fall and spring counterparts. For some fee areas this will result in a fall and spring increase, but other fees areas will result in a fall and spring decrease. The overall change is a small decrease to fall and spring students and an increase to summer students. If you have questions about this change please feel free to contact me or any member of the Student Fee Review Board.
- President Martel and I have been working on our Semester Accountability Report. We are in the final stages of this report and it should be available soon.

Goals for the Next Week:

- I will be presenting legislation to Senate for a BSOF Request over \$10,000 as well as presenting the ASCSU Semester Finance Report.
- I am continuing to work with members on the ASCSU Fee Sustainability Taskforce on the plan we will be taking to Senate in February. We will be reviewing documents of current student feedback we have received and necessary information needed to evaluate this fee.
- President Martel and I will be working over break on the ASCSU accountability report to inform students on our current and future financial standings.
- I am working with SLiCE to figure out financially what the ramifications of the move to the Mac Gym which will begin in January will look like. Please be aware of what this move means to your departments and think about how you will continue your services next year without the use of the ASCSU office.

 - Progress on Goals from the Last Week:
 - Textbook Tax Break bill.
 - It was introduced just a little over a week ago. The bill now has committee assignments, though it has not been slated in committee as of yet. The first it will be going to is the

House Committee on Finance. From there it will go on to Appropriations and on to the Senate.

- The bill has quite the fight, so emails were sent out, requesting all ASCSUers and students to call the Members of the House Committee on Finance and support the bill.
- We also evaluated the fiscal note, which came in higher than we anticipated. (Fiscal notes are often poorly constructed and poor estimates of the actually financial impact.)
- Randy Fischer was added as a co-sponsor to the bill, and I have been approaching several
 legislators to discuss the content. Many are supportive, and we are hoping to add a number
 of names to the co-sponsors list.
- I also spent a bit of time working to research other state's policies on textbook tax breaks. While we have a list of 17 states, including their enacting legislation and specific policies, there are apparently 4 states that we overlooked.
- Finally, I have begun drafting a *Collegian* guest column article about the bill.

Advocacy Day

- It will take place on March 5th, beginning at 7:30A and ending around 3:30P.
- We will be serving Einstein's bagels for breakfast and Jimmy John's subs for lunch.
- We'll be hearing from several key legislators about the future and importance of higher education. We will also be leading groups of students around to speak with legislators in small groups, a practice that has been the highlight of many participants in the past years.
- Morgan and I handed out the invitations to the legislators in person.
- I also met with Rep. Singer about speaking at Senate (ASCSU) next week. (This was moved back a week.)
 - He'll be addressing his bills and the importance of investing in higher education. He has been an advocate for students since being appointed to a vacant seat last year.
 - He is also a former ASCSU Senator and will be speaking about how important ASCSU is to having a strong future in the job market and the political arena.
- The largest project that my department has been focusing on in the past week has been addressing the purposed 9% increase to **tuition**.
 - The second Tuition Task Force meeting was this week. WE explored the new administrative budget (Version 2.1), and found better numbers than expected. Three things were decided:
 - o To not amend our position on tuition and salary increases.
 - o To commission a student voice survey
 - o To continue evaluating the figures bi-weekly
- Finally, we are **tracking legislation** and formulating a position and response procedure on the state level. We are currently looking at 7 bills, which we will be releasing our positions on next week.
- Goals for the Next Week:
 - Testify (and prepare to testify) in committee.
 - Begin soliciting Advocacy Day to large classes.
