EXECUTIVE SUMMARY

This was a crazy week. Starting to summarize the week is very hard but I can say that I am still completely proud of the Executive Cabinet. President Silva and Vice President Wells did an amazing job selecting these individuals to fill the positions in the Executive Cabinet and I am very thankful to work with all of them. This week was unfortunate and sad. My main focus from here on out is how to rebuild ASCSU and the Cabinet specifically – although it is going to take a lot of time, I am confident we can do it together.

Moving forward there needs to be an effort to promote communication and collaboration between the various members of ASCSU. During a contentious time, it is important that we focus on forging connections and building a compassionate and productive work environment that everyone feels comfortable in. HOW DID STUDENTS BENEFIT FROM YOUR WORK?

Students have a voice through ASCSU's department of Environmental Affairs. We recognize that a lot of work in sustainability is completely voluntary, and not acknowledged by the university. However, it is valuable work and deserving of advocacy.

CHALLENGES/SETBACKS/LESSONS LEARNED THIS WEEK

ACTION ITEMS AND GOALS FOR NEXT WEEK

- Primary issues have been feeling stuck with the Zero Waste Symposium. It's such a large project and I have had a hard time being efficient with my time.

- Furthermore, collaborating with big-league athletics directors (such as Ben Lucas from Ram Sport Properties) has been difficult. They don't always see the inequity of an unpaid student effort like the Zero-Waste Team.

EXECUTIVE SUMMARY

The department is now focused on pursuing projects that provide a more tangible benefit towards students. Ambassador White and myself worked towards the reintroduction of a Greek Row on game days, including setting up meeting with key players and creating a solid plan with room for improvement. Myself and Director Maxwell were having trouble connecting with a department on campus, but that was resolved this week and we are one step closer to myself taking over all technological 12th Ram information. Finally, Chief of Staff Wise and myself have been working towards the library project that was started earlier in the semester; all we need now is for the survey to be sent out.

HOW DID STUDENTS BENEFIT FROM YOUR WORK?

We believe that the re-introduction of fraternities on game days would immensely benefit the current on-campus game day experience. By setting clear goals for my ambassadors, we are ensuring that their time within the office is not wasted and all projects are being completed. Complete on-campus representation has always been a problem; by continuing working towards full representation we are ensuring the student voice is heard. By setting up meetings with key partners we ensure that all steps are taken correctly and all voices are heard in decisions.

CHALLENGES/SETBACKS/LESSONS LEARNED THIS WEEK

- As long as I continue to serve my position, the students will benefit when others are slacking.
- Leave your work at the office, your personal life at home, and life will be much easier.
- The future is unclear, but I can ensure that the organization continues to benefit students on-campus.

ACTION ITEMS AND GOALS FOR NEXT WEEK

- Work with my Department Ambassadors during their office hours throughout the week.
- Hold my weekly department meeting with the ambassadors to discuss both accomplishments and struggle.
- Meet with Dr. Ellis to discuss current issues in the department and seek guidance with upcoming projects.
- Meet with FSL to discuss plan for reintroduction of Greek row on campus.
