

# Syron/Sullivan Administration 2018-2019

## Week ending April 12, 2019

### Executive Summary

#### A Message from the President

Elections are over, which is fantastic news because I have the team back completely. Over the weekend the U+2 tackle team met at chilis for several hours to begin making our social media and action plan calendar. We'll continue all the decision making until June 1, then hand over all the internal documents and the calendar to Ben and his team. I think he'll continue the course, with maybe a few edits.

As far as transitions goes, Ben has all the job descriptions with edits and all the transition reports are being sent over today. Hopefully Him and I get to meet to discuss his presidency at some point. Our administration is fully behind him.

We are also finalizing our restorative justice for noise tickets power point. Hopefully we start meeting about that next week.

Senate was cancelled last week, which sucks because there is so much on the floor. And we'll be adding job descriptions and budgets here soon. The nice part of all this, I don't have to lose any sleep over it.

7-year tailgate plan went amazing. Athletics continues to amaze me with their willingness to meet and listen. They have been a trusted ally of the students and a great friend to Kevin and I. Joe, Doug and Steve have my highest respect and I know leaving office that the bond between ASCSU and Athletics is un-breakable. I thank them for their continued support of students.

Looking forward to the future,  
Tristan
