EXECUTIVE SUMMARY

On Monday, I got to Campus at 7:30am and didn't return home till 11:00pm. The week ended with an Email from T. Frank about stepping down. I attended a lot of meetings, restructured cabinet, and started to refocus the team. I moved forward with some new plans, and got some outside perspective on just about everything

ACTIONS ACCOMPLISHED

Summary of Accomplishments	Participants/Stakeholders (Internal/External)	Date & Notes
<ul style="list-style-type: none"> • " it's different down there" and our Trip to Georgia 	<ul style="list-style-type: none"> • The Tailgating research team 	<ul style="list-style-type: none"> • The purpose of the trip was twofold. Examine tailgating and get some outside perspective on other platforms. • Beginning at 3:00 PM Friday we left. I made it to the

terminal 3 minutes before the doors closed. That level of stress and intensity didn't stop the rest of the weekend.

- When I was telling Dr. Hughes about the trip, she simply told me that "it was different down there". I know that, mostly because everyone told me that. But I needed to see for myself. I'm not interested in knowing something is different. I'm interested in knowing why. As a history guy myself, if I'm showed two different cultures that are different, I want to know what about their experience created a different culture.
- There is also the reality of the situation. Tailgating is new to on campus. Before I suggest a plan to make it like somewhere else, I must ask myself, "Is that something we want"?
- So finding out why they are different and better in terms of tailgating, then pondering what we like/ don't like, we can begin to create a plan that fits the mold of our campus.
- I started with talking to everyone and developing a list of questions I wanted answer too
- I'll be more detailed in my report to senate about this all, but here is the jist: access of ease, enforcement, 3 point collaboration fanbase.
- These three points I've made up to give words to the major themes I think encompassed.

- Beginning with ease of access. Tailgating begins 7:00 am every single game day there. Additionally, it doesn't end at the game. Many people will never go to the game and may tailgate hours after the game. I was up and driving around at 6:00 to watch the tow trucks and life of the city. The access of the all-day tailgate was just one part of this theme. The next was what I'll characterize as "the all campus tailgate". This campus was huge. It easily took me 45 minutes to walk from one end, to another. However, it was full. Where our campus has "lots", special areas one can tailgate (after a cost and registration), they have "anywhere goes" policy. There are some sections that you have to pay to park your car (that is new this year and only \$20) but overwhelmingly they have a first come first serve policy. I spoke with campus police for about 2:00 hours. They Drove us around the campus to show how much area was taken to tailgaters. Some people enjoyed their own corner, small sections, other liked opened parking lots with other people. I asked questions around Alumni and student sections. They explained that, anyone is welcomed anywhere, however through custom and not regulations, most students go to the same areas and alumni go

elsewhere. Through that I learned Student tailgate was focused into 3 main sections on campus: Myers quad, “Frat circle”, and Greek row”.

- To encompass everything here, I asked one Alumni after about a 25-minute talked, “what advice would you have for me?”. She had three points for us. The first was to make it accessible. She made an emphasis that it shouldn’t be “donor driven” and that was a trend their university had took in the past 5 years they were unhappy with. The second was around time, let it happen.
- The second is enforcement. I think this has become a larger issue every day for this administration. It started off with decriminalizing noise tickets, then we started looking into the MIP tickets during tailgating. I think the solution come from the police down in Georgia. They have as many people tailgate as live in the town, over 100,000. I asked about students having issues, the response was a quick, “none”. He explained that the focus is “behavior driven enforcement”. They don’t have wristbands, and police officer will ask or look for an issue has long as the behavioral standards of the community are met. And this was self-evident. I walked everywhere, and saw thousands of students, and

there weren't any issues. Things were causal on campus. The craziest I saw things was the off-campus tailgating- which I think is the culture we are currently heading towards.

- Finally, Fan base. I think I've been too student focus, I need to start think of alumni needs. Also, I think I could work more with RHA to create an incentive fanbase of freshman. If each first-year class was tempted to go to all the games, that culture would carry through and after a few years we'd have all classes and Alumni driven fan base. But it starts with looking at the next 7 years of freshman classes to create a string following and fan base through incentivization (and a better team- let's be honest).
- I have more points about the entire trip including what else I did besides tailgating, come to senate.

<ul style="list-style-type: none"> • Meeting with Jess 	<ul style="list-style-type: none"> • 	<ul style="list-style-type: none"> • Discussed Winter retreat and roles and overall cabinet and how things are going

A test run. • Fences are gone • Greek life coming in strong- I have many hesitations around this, looking forward to seeing what happens
<ul style="list-style-type: none"> • Canvassing 	<ul style="list-style-type: none"> • Not nearly enough people 	<ul style="list-style-type: none"> • Like last time • Need to refocus everything

• Ambassador	•	• The culture is evolving, minor issues between members. Working on it to resolve what really are “non-issues’
• Tony’s meetings	•	• Tuition, tailgating’s, academics, senate and more. Follow ups coming soon

CHALLENGES/SETBACKS/LESSONS LEARNED THIS WEEK

- I’m tired
- So much happens so fast, need to catch up and now.
- Finance disaster that I’m working on fixing- should be fine. Stems from large amount of poor communication and lack of internal controls.

ACTION ITEMS AND GOALS FOR NEXT WEEK

- BOG- my number one focus
- Test on Wednesday

Chief of Staff Report

<i>Prepared by</i>	Zachary Vaishampayan
<i>Department</i>	Office of the President
<i>Members</i>	Tristan Syron, President Kevin Sullivan, Vice President Zachary Vaishampayan, Chief of Staff Claire Fenton, Deputy Chief of Staff

EXECUTIVE SUMMARY

This was a very varied week. I had meetings about ASCSU budgets, course evaluations, mental health awareness events, ambassador tasks, beer, and book fair funding. Perhaps that’s simply the job at this point and I’m not complaining about it, but it was interesting to experience. In any case, things are going well for us at this point. If we can keep the energy up, ASCSU is in for a good year.

CHALLENGES/SETBACKS/LESSONS LEARNED THIS WEEK

- Challenge: There's always something better to do. No matter what the first thing is.

ACTION ITEMS AND GOALS FOR NEXT WEEK

- Ratify and train new members of cabinet
- Continue to monitor cabinet on expectations/progress
- Continue to collect feedback on cabinet changes
- Ensure ASCSU Representation on relevant committees
- Make sure it is understood that "mandatory" means "mandatory".

Director of Finance Report

<i>Prepared by</i>	Lynsie Roper
<i>Department</i>	Finance Department
<i>Members</i>	Lynsie Roper – Director of Finance Nick Bohn - Controller

EXECUTIVE SUMMARY

This week has been pretty hectic with tests and presentations. I have also been working with a lot of student organizations for BSOF and the Travel Grant. Now that the semester is in full swing, student organizations are beginning to plan and request funding for their events. Overall, I have been busy with meetings both internally and externally. I have also worked a lot with SLiCE and my board to make sure I am on the right track in terms of helping student organizations with timelines and also making sure the board is comfortable with both BSOF and the Travel Grant. I believe that the liaison roles will help the board members be more engaged.

ACTIONS ACCOMPLISHED

Summary of Accomplishments	Participants/Stakeholders (Internal/External)	Date & Notes
<ul style="list-style-type: none"> • BSOF meeting 	<ul style="list-style-type: none"> • BSOF Board (Internal) 	<ul style="list-style-type: none"> • The board met on Tuesday 9.18.18 to hear student organizations' presentations for their events. The board approved The Indian Student Associations request to help

		fund India Nite. The board also voted on liaison roles and they voted Bryce Richardson as Vice Chair.
<ul style="list-style-type: none"> • Met with Hermen 	<ul style="list-style-type: none"> • Hermen Diaz – SLiCE (External) 	<ul style="list-style-type: none"> • I met with Hermen for our weekly meeting. We discussed my role and how I can better delegate tasks especially when it comes to the travel grant. I expressed my concern about the workload of this job with the travel grant being so new and we brainstormed some ways that I can work more efficiently.
<ul style="list-style-type: none"> • Meet with Student organizations 	<ul style="list-style-type: none"> • External 	<ul style="list-style-type: none"> • I met with a lot of student organizations and students this week who are looking to apply for either BSOF or Travel Grant. Next week's agenda is looking pretty packed which is exciting!

CHALLENGES/SETBACKS/LESSONS LEARNED THIS WEEK

- One major challenge, this week was that I had multiple tests and presentations that I needed to study for. My time management skills were put to the test because I didn't want to tell student organizations that I couldn't meet, but I also needed to focus on my academics and group meetings. My schedule was definitely less flexible this week and it was hard when student organizations would show up late to meetings, but overall, I was able to manage it and help as best I could. Many students expressed appreciation for my flexibility and I believe I was able to answer a lot of important questions.
- One lesson I learned this week was the importance of communication. We are at the part of the semester that student have multiple tests, are sick and just overall, stressed. I noticed my lack of communication this week as well as that of others and it made both side's jobs very difficult. I definitely recognize this and will manage my time better to avoid this kind of conflict again.

ACTION ITEMS AND GOALS FOR NEXT WEEK

- Action item: Set agenda for BSOF/Travel Grant the next couple weeks.

- Action item: Connect with a few students/student orgs that have submitted applications for either BSOF or the Travel Grant
- Action item: Email board about liaison roles. These were voted on last week and I would like to meet with the board to help connect them with resources to help them in these roles.

EXECUTIVE SUMMARY

The last week was super busy for everyone with a lot of new events and meetings being put into place. We have all been working well together. However, with school becoming more busy people are more stressed out and the office environment can get tense. A few U+2 and canvassing efforts/meetings have not been up to par. But, I do not think that this will continue to be an issue. Overall, successful week.

We broke up into committees and the members are excited to begin spending their money and changing campus to their own vision. The bonding

between members has been something extremely successful about RLT. They are hanging out outside of the meetings and joking around with each other and being friendly. There were some leadership issues within RLT regarding their elected members that need to be solved. Respect needs to be made clear within the group. The new advisor Jess had some great ideas for how to increase the productivity and involvement with RLT such as reaching out to other schools to ask them about their first year programs.

Community Affairs Director's Report

<i>Prepared by</i>	Yuval Rosenthal

EXECUTIVE SUMMARY

Overall productive week with many meetings and events executed. The highlights of this week included; Canvassing went for a second round on Monday, National Voter Registration Day was on Tuesday which kicked off our voter registration drive, I attended City Council with Tristan on Tuesday and spoke to the Mayor and members of the Board of Realtors, and we had our second voter registration training on Wednesday (which saw a solid turnout). Things that are not mentioned in the 'accomplishments' section below are my meeting with Garry Ozello (the Director of Commnutiy Outreach & Engagement for the CSU Administration) regarding his work with city council and input regarding our U+2 efforts, and my meeting with Deputy Seiter regarding same-day party registration.

ACTIONS ACCOMPLISHED

		responsiveness to the issues we experienced with the first go-around. I will speak to the stakeholders in the effort and see what we can do to address these issues.
<ul style="list-style-type: none"> • Attending City Council Meeting 	<ul style="list-style-type: none"> • Tristan Syron, President ASCSU 	<p>09/25</p> <ul style="list-style-type: none"> • Tristan and I attended the adjourned session this week to watch the Montava planned unit development project presented, discussed, and ultimately – passed. The project will develop over 2000 single-family units, 2400 multi-family units, and over 800,000 square foot of office space in the northeastern portion of fort Collins’ metro districts (1 through 7). Additionally, the developer promised at least 10% of the units to be qualified as affordable housing units in perpetuity. This is something Tristan and I really liked and supported as Fort Collins is experiencing a shortage in affordable housing units. At the meeting, I had spoken to Mayor Troxell regarding our current effort in advertising the survey (and other projects ASCSU is taking on in conjunction with the city such as fall clean-up).

I am pleased that Tom Hoehn was able to mobilize folks to attend this and help us with promoting civic engagement on campus, but our ASCSU members need to be more involved in order for our initiatives to be truly successful. Nonetheless, I provided donuts and beverages at the training session and helped Anna Wood from New Era to

Diversity and Inclusion Report

<i>Prepared by</i>	Zahra Al-Saloom
<i>Department</i>	Diversity and Inclusion
<i>Members</i>	Zahra Al-Saloom, Director of Diversity and Inclusion Linzi Douglas, Deputy Director of International Affairs

EXECUTIVE SUMMARY

I started the week off with a meeting with Blake about Halloween posters regarding costumes and what is/isn't appropriate; he did a great job on the prints and I appreciate his time and detail. The President's Commission for Diversity and Inclusion was my favorite meeting this week because we talked about inclusive communications and tools created for the campus to meet the Principles of Community. I met one of my RLT ambassadors (Amber), and I am very excited for this year. She has great ideas and a passion that I know will help her be successful this academic year. Aly, Linzi, Syed, and I had a meeting on Thursday to discuss the existence of the Inclusive Excellence Council and what should become of it; we're going to follow up with that meeting by talking to Kathy Sisneros.

ACTIONS ACCOMPLISHED

Summary of Accomplishments	Participants/Stakeholders (Internal/External)	Date & Notes
<ul style="list-style-type: none"> • Halloween Marketing w/ Blake 	<ul style="list-style-type: none"> • Blake Alfred, Director of Marketing (Internal) 	9/24/18

	<ul style="list-style-type: none"> • Myself 	<ul style="list-style-type: none"> • Blake and I touched based on the marketing for the “Costume not Culture” movement. Last year, Tori Tubbs did the same type of marketing to deter individuals from cultural appropriation and offer insight on things to avoid for Halloween costumes. • Blake and I discussed the costs for certain types of advertising, like digital v. paper. It looks like we will do an Instagram post with the advert and some posters to hang up in the LSC; it’ll be too expensive to do a digital ad in the LSC, and it’s best to make this as easy as possible.
<ul style="list-style-type: none"> • President’s Commission for Diversity and Inclusion 	<ul style="list-style-type: none"> • Mary Ontiveros, VP Student Affairs; Linda Krier, Office of Student (Internal) 	<p>9/26/18</p> <ul style="list-style-type: none"> • There were a number of updates and dates to remember for this meeting. The Campus Climate Survey will be launching on October 2nd, and the university will be sending notices on how to access the survey. It is 100% confidential, and it will be addressed to University employees on their experience on campus. It will also be available in hard copies by request. • The Diversity Symposium will be October 1-5th, and it will begin with Cori Wong’s segment because it will be the 1st anniversary of the Feminist Fight Club’s chapter at CSU. • Dr. Tony Frank will be attending the PCDI meeting on October 30th. I am looking forward to meeting Dr. Frank,

and I want to know his personal beliefs on diversity efforts.

- We had guest speakers from the Inclusive Communications Task Force, whom were born out of CSUnite. They offer campus resources on inclusivity and equity measures in communications and created a reference for Bystander Intervention which I will be asking to be put in the ASCSU office. Their approach is to be proactive rather than reactive; diversity measures should be constantly worked on and not be focused on only when an incident arrives. They have created infograms to get information out to students in a meaningful and understandable way. They also included an Inclusive Language Guide that is not yet published; this is not to deter students, but to have support. Everyone needs to try to be inclusive. It's not about being "politically correct"; it's about treating people with respect.

- **Cabinet**

- Tristan Syron, President; Kevin Sullivan, VP; Zach Vaishampayan, Chief of Staff; Claire Fenton, Deputy Chief; Executive branch members (Internal)

9/26/18

- I gave my updates about the ASCSU Accessibility Committee and that I have people that are interested/will for sure be on the committee. Maddie asked me to send her details so associate justices can be a part of the committee. I also reminded our cabinet that the Diversity Symposium is next week October 1-5th; I

really hope that they go to some of the events.

- I gave updates on the PCDI meeting, and I showed them the infograms on bystander intervention and inclusive language; we'll have a poster in the office and hopefully get this forwarded to the List Serv for people to look at for reference.

• **Mtg. w/ Amber**

- Amber, RLT (Internal)
- Myself

9/27/18

- This was an awesome meeting, and I was very excited to meet Amber. She has had some experience in Student Government, but she wants to be a part of the impact made by students. She is super dedicated already, and she has brilliant ideas that I have been sharing with faculty and coworkers.
- An idea that she has is creating a CSU Women's March. This is a project that I want to be her own and tackle that; I have no doubt that other individuals also want this. I talked to Cori Wong about it, and we both want Amber to check out the Feminist Fight Club and the Now Movement in Fort Collins. This would be a great thing for January as a reflection of the National Women's March.
- In terms of tasks, I asked Amber if there are any committees she is interested on sitting on. She'll sit on my Accessibility Committee, and

it'll be a great opportunity for her to engage students.

• **Mtg. over IEC and the Diversity/International Affairs Bill**

- Aly Ammar, Senator International Affairs (Internal)
- Syed Naqvi, Senator International Affairs (Internal)
- Linzhi Douglas, Deputy Director of International Affairs (Internal)
- Myself

9/27/18

- Aly originally created a bill to create a Diversity and International Affairs Committee in regard to International students being underrepresented in Senate and the lack of recruitment. However, he has been communicating with several individuals and we have to rethink what is a good mode of discussion.
- The Inclusive Excellence Council was created and incorporated into the ASCSU Constitution, but there is a lack of history or involvement. We want to bring this back and have student involvement to tackle issues like underrepresentation and marginalization. There was a huge discussion between the four of us, and I wish I wrote down more notes on this meeting. We were all passionate about this. We decided to schedule a meeting with Kathy Sisneros to discuss the IEC and how we should integrate it back into ASCSU.

CHALLENGES/SETBACKS/LESSONS LEARNED THIS WEEK

- A challenge I need to tackle at the moment is the feasibility of sending ASCSU students to a Diversity Convention. I've been working on the logistics, but I need to figure out the

costs and benefit between going to Atlanta or San Francisco. I'll have more updates on this in the near future.

ACTION ITEMS AND GOALS FOR NEXT WEEK

- Action item #1 is to set up a meeting with people that want to be on the ASCSU Accessibility Committee; Tristan brought up a good point that I should meet with the people that I have rather than trying to wait to get the 8-10 people all at once.
- Action item #2 is to create a task force with the SDPS senators. I want us to get together to know who each other are and ways we want to make ASCSU inclusive; I think a great task is to go to college councils and find ways to make the Senators for those colleges reflect the actual population of the college.
- Action item #3 is to meet with Kathy Sisneros on October 2nd with Aly, Syed, Linzhi, and myself to discuss the Inclusive Excellence Council.

EXECUTIVE SUMMARY

Gina and I have been working hard the last week to accomplish various slow-moving projects. We are finally seeing some more steps being taken in the right direction to continue to get some initiatives off the ground and running. If anyone has seen any issues please notify me with a picture, DESCRIPTIVE location, and the time. The more information you provide me the easier it will be to find one sprinkler out of ~50,000.

CHALLENGES/SETBACKS/LESSONS LEARNED THIS WEEK

- Make meetings specific so that I know who they are with and where they are located.
- HOMEWORK.
- Be patient with emails, but also know when to reach out in a more impactful way to get stuff done.

ACTION ITEMS AND GOALS FOR NEXT WEEK

- Figure out the doodle poll better for the ram ambassadors
- Email Geoff about any further insights regarding the straw issue in the LSC
- See the recycling stickers on bins around campus...maybe volunteer to help paste them places.
- Determine what I want to do for the departments contribution to sustainability month. Speakers, movies, free food, pledges with free straws to consider the environment since the theme is “Get Out the Vote”.

<i>Department</i>	Health

EXECUTIVE SUMMARY

This week was intensively focused on academics, and less time than average was spent working in this position. Despite the influx of exams this week, I was able to accomplish quite a few steps in my ongoing initiatives, and I took some new steps toward expanding my focus and impact within ASCSU. Serving on new committees, engaging more in the senate process, developing structural guidelines for my Deputy Director, and revitalizing efforts in my most prominent ongoing initiatives characterized this week's progress.

ACTIONS ACCOMPLISHED

Summary of Accomplishments	Participants/Stakeholders (Internal/External)	Date & Notes
• Replenished Pocket Pantries on campus	• n/a	• 9/28/18

CHALLENGES/SETBACKS/LESSONS LEARNED THIS WEEK

- Exams were exhausting
- The Curriculum Committee is a fascinating area for me, in which I'd like to delegate a consistent portion of my time. I came to the first meeting extremely unprepared, and though I only joined the committee at the last second, I would like to return prepared.

ACTION ITEMS AND GOALS FOR NEXT WEEK

- Develop agenda for Identity Matters event with Director of University Affairs
- Reach out to Cam's Lobby Vendor and Wal Mart Distribution Center for wholesale Pocket Pantry supplies
